

## INSTRUMENTATION

High Pressure Valves, Fittings & Tubing up to 150,000 PSI

Instrumentation Fittings, Valves & Process Technology

World leader in Valve Actuation & Controls

Solenoid Valves & Fluid Automation Systems

Pressure, Temperature, Level, Flow & Analytical Instrumentation

*Sur-Flo Meters & Controls Ltd.*

Design & Manufacture environmentally friendly Metering & Pressure Control Products

Pressure Gauges, Temperature Gauges & ancillary components

Liquid Level Monitoring for Process Industries

World leader in Ultrasonic Flare Metering

Industrial Valve Safety Solutions, Interlocks, Valve Position Indicators, Partial Stroke Testing Devices & Portable Valve Actuators

## FLOW CONTROL

High & Low Pressure, Pilot Operated, Direct Spring PRV & Safety Selector Valves

Critical Service, Choke & Control Valves

World leader in tailor made valves, specializing in exotic alloys for extraordinary applications with short delivery serving all industries.

Globe, Gate, Ball & Check Valves available in various materials and sizes

World leader in Triple Offset Valve Technology 3" to 112" ASME

Resilient, Metal & Soft Seated, High Performance, Fire Tested Butterfly Valves, 1.5" to 106" ANSI 150-900

Dual Disc Check Valves in Wafer & Lug, 2" to 72" ANSI 125-2500

Sub-Sea, High Pressure, Split Body & Trunnion Mounted Ball Valves, 2"-60", ANSI 150-10,000

Quality Steam Valves & Boiler Instrumentation for a wide array of Process Industries.

2-4 Southern Cross Road, Donovan's Industrial Park, Mount Pearl, NL A1N 5A2
